

Hawai'i CERC Project
Creating Cultures of Engagement in Residential Care
Advisory Group

What is the Advisory Group?

- The **Advisory Group** is one component of the CERC (SAMHSA/SIG grant project) project implementation plan
- It is a group of people representing youth, families, community members who have experienced or been involved in hospital based residential (HBR) or community based residential (CBR) care settings that use or has used seclusion and or restraints as part of the larger care system.

Who is part of the Advisory Group?

- Youth and Families/Consumers
 - Youth who have received services in HBR or CBR care
 - Parents/family members of youth who have received services in HBR or CBR care
- Service Providers who are not direct recipients of the CERC project PAT supports

What does the Advisory Group do?

- Become acquainted with the CERC Project
- Meet quarterly (every 4 months) to be updated about CERC project
- Provide input, suggestions, recommendations regarding the implementation of the CERC project and S/R reduction efforts in general
- Provides another perspective to assist overall implementation of the CERC project

Who will get the Advisory Group information/feedback?

- CERC team members
- PAT members
- BPN group
